

RDMS System Update Sprint 29 Release Notes

March 15, 2018

Feedback Cognos Reports

- ✓ Created Cognos reports based on patient feedback data from 4 medical centers – UCD, UCI, UCSD, UCSF
- ✓ 10 Feedback reports have been released for users that show various system wide and medical center specific metrics, screenshot below

- ✓ Please contact Ivy Kolvan (Ivy.Kolvan@ucop.edu) for access & training on these reports

SSO (Single Sign on) enabled for DMS Cognos

- ✓ Single sign on for reports has been enabled for UCOP & medical centers at UCD, UCI, UCSD, UCSF
- ✓ This enables users to login using their campus login credentials
- ✓ The SSO URL will need to be used for accessing Incident & Feedback cognos reports going forward - <https://dms.ucop.edu/dmscognos>
- ✓ When using that URL for the first time, it will ask user to register for a new account. The account will be created by Helpdesk and user will be notified by email when it's ready.
